

Smart Bluetooth Fingerprint Deadbolt - CL280BF

Say goodbye to carrying your house or office key everywhere you go! Never get locked out again when you can use your fingerprint to unlock your door.

CL280BF is a smart Deadbolt that combines the best smart lock technology to provide a modern and aesthetic smart lock. Perfect for your home, work, Airbnb, Motel or office. You can set up the deadbolt to meet your needs; whether it be granting permanent, one-time or timed access, the CL280BF enables you to control access from your smartphone conveniently. This smart lock is operated via Bluetooth using the TLock iOS/Android app without the need for Internet or WiFi. The smart deadbolt can also be operated remotely when a gateway is installed alongside the smart deadbolt (Gateway Sold Separately).'

Features:

- 5 in 1 Unlock Options (Gateway Sold Separately)
- Specific Codes can be sent via SMS or E-Mail; these codes can be temporary or permanent.
- Intelligent Alarm
- Auto Locking
- Anti-peeping Protection
- TLock, Google Assistant and Amazon Alexa are supported.
- MiFare Fobs & Fingerprints can be added as credentials.
- Mechanical Key Option
- Micro-USB port in case the batteries go flat
