Overview

The CL411B & CL411BF Smart Door Locks are a very versatile Keyless Digital/Electronic Door Lock. It is able to utilise most existing 60/70mm door latches.

It can be operated via Bluetooth from remote locations using the TTLock iOS/Android app without the need for Internet or WiFi. It is suited for Homes, Offices, Airbnb, Motels, Holiday Homes etc.

Specific codes can be sent via SMS or E-Mail. These codes can be temporary (1 day) or permanent.

Bluetooth access (one-time, temporary, or permanent) can also be shared by SMS or E-Mail.

An audit trail can be accessed through the app to see door access events. Many of these management actions can be performed wirelessly using a TTLock wireless gateway (sold separately)

A Micro USB port is included for power if the batteries go flat.
