

## Slim Bluetooth Fingerprint Smart Lock - CL420BF

Introducing the CL410BF 2.0! The CL420BF takes on all of the best features of its predecessor whilst providing a smoother and luxurious design. Weather-resistant and quality material means it's suitable for indoor and outdoor areas, The narrow design also suits it well to narrow frame doors or pre-existing narrow locks. Be sure to check out our guides on choosing the right lock for your needs.

The CL420BF Smart Door Lock is a keyless Bluetooth lock which can be fitted externally and internally to doors and front doors. It can be operated via Bluetooth and from remote locations when using the additional gateway device. The smart lock can be managed through the TTLock App including all lock management.

### Features:

- 5 in 1 Unlock Options (Gateway Sold Separately)
- Specific Codes can be sent via SMS or E-Mail; these codes can be temporary or permanent.
- Intelligent Alarm
- Auto Locking
- Anti-peeping Protection
- TTLock, Google Assistant and Amazon Alexa are supported.
- MiFare Fobs & Fingerprints can be added as credentials.
- Mechanical Key Option
- Micro-USB port in case the batteries go flat
