

Slim 5 in 1 Smart Lock - CL450BF

The CL450BF is the latest addition to the SecEsafe slim smart lock range. The CL450BF adopts all of the best features of the CL410BF & CL420BF; however, in addition to this, the added key system makes it the perfect smart lock to incorporate your pre-existing key system or restricted key system alongside your smart lock. The smart lock design is DDA compliant making it the perfect smart lock for commercial and regulated properties.

With the CL450BF, you can access and control your smart lock conveniently and securely. The smart lock can be managed through the TTLock app (available on iOS/Android devices). You can easily manage user access from your smartphone by sharing and deleting access, viewing who has accessed the lock, and sharing admin abilities where required. The CL450BF is the perfect smart lock for commercial, residential, Airbnb, Motels, Gyms etc. The smart lock is available in matt black and stainless steel to accommodate all your modern, aesthetic needs.
