# Manual - CL603BF
Intelligent Bluetooth Fingerprint Key Pad

The CL603BF is an IP66 rated Electronic Keypad that can be fitted to a new or existing Electric Door. It can be operated via Bluetooth using the TTLock iOS/Android app without the need for Internet or Wi-Fi. It is suited for Homes, Offices, Airbnb, Motels etc. Specific codes can be sent via SMS or E-Mail. These codes can be temporary (1 day) or permanent. Bluetooth access (one time, temporary, or permanent) can also be shared by SMS or E-Mail. MiFare Fobs can also be programmed into the keypad. The user list can be managed through the TTLock app.

Smart Key Pad Set Up

1 Download TTLock App

Search 'TTLock' on the app store or Google Play store & download the app.

2 Register & Log In

Users can register the account by email or mobile number. When registering users will receive a 'verification code' from email or mobile.

3 Add Device

Add the keypad by going to the menu bar in the app. Select 'Add Lock' & select 'Door Lock' or 'All Locks'
